

## *Publisher Brochure Assignment*

### *Open Microsoft Publisher*

- *Choose Brochures*
- *Choose a design you like*
- *Be sure you are in a 3 panel layout (there are 2 sides- 6 pages total)*

*Brochure Topics- You can create your brochure on one of the following:*

- *Vacation Spots*
- *Favorite Music/Music Group or Singer*
- *Favorite Sport or Team*

*Notice that the far right side of page one is the title panel, the middle section is the back panel and the far left side is the fold over. All of page two will be the inside of your brochure.*

*Be sure to include the topic of your brochure, your name, date, and hour as well as pictures or graphics that work with your topic on the title panel.*

*Decide what information should be included on the remaining 5 panels. Include facts, photos, and anything you think would be of interest to the reader.*

*Be sure to include the website addresses used for all of your pictures and information. Add these to the back panel of your brochure.*

*Add colors to enhance the brochure not dominate the page- no black or dark shaded backgrounds.*

*Make sure to spell check and grammar check.*

*Be sure that all text and pictures are inside the blue line so they aren't cut off when the brochure is printed (use print preview to see what the printed brochure will look like).*
